# WILLARD BIRTHDAY WILL BE OBSERVED

Appropriate Exercises in  
Churches Sunday and  
Schools Tuesday.

In honor of the birthday of Frances Willard, Sept. 28, special exercises will be held in churches and schools here next week. Beginning Sunday, when nearly all the pastors of the city have signed their willingness to make some special mention of her in their services, and continuing through Tuesday, when appropriate exercises will be held in all the school buildings by women detailed by the W. C. T. U., it is expected that a substantial fund will be raised to assist in the purchase of the Willard schoolhouse.

Plans made yesterday by the local union of W. C. T. U. are being perfected so that a speaker will give an informal talk before the pupils of each building on the life and influence of Frances Willard, on Tuesday, the natal day. A. B. West will speak before high school pupils; Mrs. J. R. Nichols, the Adams; Mrs. George Jacobs, the Jefferson; Mrs. O. W. Athol, the Washington; and others in the different buildings to be assigned later.

Will Collect Money.  
While the time is too short to make elaborate programs for the church services on Sunday, all of them will have some special men-

tion of Frances Willard. In some of them children will take part, and special collections taken up by the W. C. T. U. women of the congregation will help to swell the fund needed to buy the country school building intended as a perpetual memorial. A good many mementoes of her life in Janesville are held by her old friends in the city, and it is expected that these will be gathered together and installed in the building after it is renovated and restored. In this way it will become a mecca for pilgrims to visit, from all over the world, and become a unique and distinctive attraction for tourists when they pass through Janesville.

## INTERURBAN WILL BUILD SUB-STATION

With a view to giving a more regular service between Janesville and Beloit and Rockford, the Rockford & Interurban company will build a new sub-station at Rockford, Ill. It was stated by Manager Stewart of the station, Rockford, that material for the new structure is now being unloaded there. It is hoped to have it in use this winter.

Last dance of season at Riverside Park, Sunday night, Sept. 28th.

## LATE CROPS BADLY IN NEED OF RAIN

Rain is badly needed over the greater part of Wisconsin for potatoes, corn, potatoes, winter grain, and fall plowing the weekly crop report of the weather bureau said Wednesday.

"The harvesting of late potatoes has begun," the report said. "Only fair yields are reported from most localities. Corn is ripening rapidly, and much of it has been cut. Silo filling and threshing are nearing completion. The third crop of alfalfa is being cut. The yield is light. The tobacco and cranberry harvests are well advanced, and both yields and quality are good to excellent. Sugar beets, truck, vegetables, apples and plums are good. Sugar cane is ripe, and is being stripped. Over the greater part of the state, crops will be out of danger from frost by the close of September."

Henry Ford says "The War is over and it is time War prices were over. There is no sense or wisdom in trying to maintain an artificial standard of value. For the best interests of all it is time a real practical effort was made to bring the business of the country and the life of the country down to regular pre-war standard."

# FEAGIN GOES INTO REGULAR ARMY

Captain of Co. I, Tank Corps  
Commissioned Second Lieut.  
in Q. M. C.

Claude W. Feagin, captain of company, tank corps, Wisconsin national guard, stationed in this city, and circulation manager of the Gazette, has been appointed second lieutenant in the quartermaster corps, regular army, and has accepted the commission. He has been assigned to temporary duty as assistant to the depot quartermaster, Chicago. After a 14-day furlough, he will report for duty.

Lieutenant Feagin undertook the organization of the local tank corps, the only organization of its kind in Wisconsin, in January at the request of State Adjutant General Holway. Overcoming many difficulties of recruiting, he brought the company to a present strength of 12 men and officers. The caliber of the unit was demonstrated at Camp Douglas when the unit was highly praised for its training and military bearing. During the first of the state, during the rank of private in the cavalry to captain in the tank corps in a very short time, being successively a second lieutenant, first lieutenant, and a captain, Elk, member of Rotary and Janesville Country clubs.

Harmon Successor in Co. I. Acceptance of the commission, means that Ralph D. Harmon, first lieutenant in the tank corps, will be promoted to a captain. Captain of the local army, and all ordinance and quartermaster equipment of the unit will be taken over by Lieutenant Harmon.

The tank corps is now in such a position that its six tanks are expected to arrive about the first of October. Though they were saluted previously, they were recalled because of delays in the tanks. When the tanks arrive, a recruiting campaign will be instituted to add another platoon necessary to operate the unit. The tanks will be housed under the grandstand at the fair grounds where some changes in the arrangement will be required. Changes in Personnel.

Advancement of Lieutenant Harmon to a captain will create a vacancy as first lieutenant. Adding another platoon to the company, will call for two additional second lieutenants. Another vacancy of second lieutenant will occur by the promotion of Major M. J. Derrin to the position of major, to attend the University of Wisconsin.

The tanks, being composed largely of non-commissioned officers, will require a number of non-coms by the addition of another platoon. One of these will be a sergeant first class as telegrapher to operate the tanks, and which one of the tanks will be equipped.

## LOCAL ALDERMAN'S WIFE FIRST WOMAN TO FLY IN HELENA

Alderman W. J. Hill, fourth ward, has returned from a six weeks' visit in Montana, where he closed a contract to sell 12 miles of gravel for state and county highway building. The state and he taken from his 180-acre tract 25 miles from Great Falls.

While visiting the state fair at Helena, Mrs. Hill, accompanied her husband on the trip, enjoyed a 30-minute ride in a 110 horsepower Curtiss airplane. She left any other woman to be the first woman in that city to take a flight. The machine, a heavy mail plane, was piloted by Roland S. Glazier, National park and toured through the mountains. They spent some time as guests of Alderton O'Neil, nine years ago a road builder, here, now running a 3,500 acre ranch in Montana.

Henry Ford's 31 per cent. cut in price of his machines is going to have its effect in police circles according to Chief Thomas Morrissey. He sees in the reduction a consequent falling-off in the number of auto thefts.

## THE DIARY OF AN ENGAGED GIRL

IN WHICH THE COUNT IS BOTH VERY AND TENDER.

Monterle Comte was very gay, and very attentive to me all evening. I liked that, of course, and I also liked his manner of bonding over me whenever he talked, or listened to what I had to say. Mostly he laughed in a joyful way, and often he looked into my eyes, with his happy, heavy, blue eyes. I felt very annoyed from the start, that I knew at once, but there was no reason to be peevish just because a good-looking man happened to like me. Seemed perfectly natural to me, for after all I'm young and not half bad looking, and why on earth shouldn't men like to see and be with me?

I have always had an overwhelming curiosity about the real Polish people, and now at last I had seen and met one, and found him most fair to see, and most dashing, just as I had pictured the men of his race to be.

He talked to me in a musical voice, and most of the time let his eyes speak for him.

His eyes, mademoiselle, should convey the language of the heart to the one we admire—always, which is a pretty idea. It's so wonderful to find that there are still men who love romance, and who women with ardour and poetry. Any girl loves some—that is, if she is truthful.

The count and I sat along romantically, and I said to myself, with him, and tried to learn one or two words of his language, which caused him to kiss both of my hands with delight. It was all too lovely for words, and I was finding Paris just as I had hoped to find it.

Young, full of romance, and tender. Once during the evening Cecil had to leave our table and speak to two English ladies who were sitting in another part of the cafe. It was while we were alone together that

the count became fiery, and leaped over me most intensely as he begged me to meet him again—soon—very soon—for he must see me again, and alone.

I laughed at his words at first, but when I saw a pained look creep into his blue eyes, and the laugh die somehow, and I realized that foreign men are not like our own men; they can not stand being laughed at—not under any circumstances. They fire an wild-eyed on the spot if a girl laughs at them for anything.

Poor Antoine looked so truly miserable that I told him that I would meet him at the Brasserie de l'Alsace, or at the Rotonde the next afternoon, at 3 o'clock, but that I could not stay with him for long, as my mother was—oh, very strict, and did not really permit me to go out alone in Paris—ever!

Cecil looked at me suspiciously when he returned, and I suppose I did look guilty, for the count had just pressed my hand to his heart, and I felt his lips on my fingers, and I don't know how to act when being "rushed" by one of them.

Several Americans came into the Rotonde while we were there, and some of them vaguely familiar to me. One was dear, sunny Andrew, a Parisian, and another was a young artist and writer, I judged. Everyone was very happy and gay, and one felt that one was sitting in the heart and soul of the Latin quarter, and a genuine Latin quarter at that!

We stayed and watched the fun at the tables and tables, till 11. Then Cecil marched me home.

(To be continued.)

**Heart and Home Problems**

BY ELIZABETH THOMPSON  
Letters May be Addressed to Mrs. Thompson, in Care of the Gazette

Dear Mrs. Thompson: I have gone with several fellows in the last year, but do not care for any more. He goes with one girl for a while, and then with another. He talks about every girl he has gone with and has been with girls with bad reputations and those with bad.

He tells other girls he cares for me, but he never asks me for a date. What could I do to have him ask me for a date, or even talk to me?

PEGGIE.

Do not believe everything the girls tell you. If he liked you, as they say, he would most certainly ask for a date. He is not the kind of person one could count upon as a friend. A man who is fickle and talks about the girls he goes with is most undesirable and should be avoided. Only unbusinesslike men from such a friendship. Stop thinking about him and in time you will care for some one else.

Dear Mrs. Thompson: I want to propose to a girl whom I have known for quite a long time. I have not seen her for eight months, but during that time we have corresponded regularly.

Please enlighten me. There is no question about our love—that was understood long ago. I want to

know whether I should propose by mail or go to her. She lives eight hundred miles from here.

JACK L.

Since your love is understood, I think it would be all right to propose in a letter.

Dear Mrs. Thompson: I saw an article in your column signed "A Lonely Girl." Why hasn't a girl just as good a right to ask a man for his company or even propose to him as a man has to ask a girl?

I know it isn't customary, yet it is done and by very nice girls, too. I am absolutely no free lover, but I do believe in equal rights and privileges to both men and women. Of course this young girl is entirely too young. I think from eighteen to twenty-five is all right.

I know there are a lot of people who will differ with me, but it is that way with everything. I also claim where a woman does a man's work she should receive the same pay. I know by experience there are a lot of people who differ with me on equal labor question, but nevertheless I believe in absolute equal rights to all. Am I right or wrong?

Your beliefs are certainly ideal, but hardly practical in the first instance.

CRANK.

Dear Mrs. Thompson: I want to propose to a girl whom I have known for quite a long time. I have not seen her for eight months, but during that time we have corresponded regularly.

Please enlighten me. There is no question about our love—that was understood long ago. I want to

Since your love is understood, I think it would be all right to propose in a letter.

Dear Mrs. Thompson: I saw an article in your column signed "A Lonely Girl." Why hasn't a girl just as good a right to ask a man for his company or even propose to him as a man has to ask a girl?

I know it isn't customary, yet it is done and by very nice girls, too. I am absolutely no free lover, but I do believe in equal rights and privileges to both men and women. Of course this young girl is entirely too young. I think from eighteen to twenty-five is all right.

I know there are a lot of people who will differ with me, but it is that way with everything. I also claim where a woman does a man's work she should receive the same pay. I know by experience there are a lot of people who differ with me on equal labor question, but nevertheless I believe in absolute equal rights to all. Am I right or wrong?

Your beliefs are certainly ideal, but hardly practical in the first instance.

CRANK.

Dear Mrs. Thompson: I want to propose to a girl whom I have known for quite a long time. I have not seen her for eight months, but during that time we have corresponded regularly.

Please enlighten me. There is no question about our love—that was understood long ago. I want to

know whether I should propose by mail or go to her. She lives eight hundred miles from here.

# Local Bowling Season Opens With High Enthusiasm

## Acting Mayor and Ross Officiate by Rolling First Balls on Alleys

By FRANK SINCLAIR

In a blaze of the wildest kind of enthusiasm, the 1920-21 Janesville bowling season opened with a thundering crash of the mallets on both alleys Wednesday night. Large galleries lined the side-lines cheering as their favorite teams took to the long slides and rolled the first spheres of lignum vitae against the wood.

The season was smashed open by Harry V. Ross, president of the City Bowling association, when he shot the first ball in an exhibition frame against Acting Mayor J. J. Dulin at the East Side alleys. That resounding smack as the pins toppled at 8:09 p. m. will spell history to mean the starting of the season's biggest bowling season.

After doing with Ross for a total of nine in the frame, Alderman Dulin made a short address, praising the spirit of the sport and congratulating the players on their keen participation in American Ten Pins.

"The fellowship of bowling, bringing you fellows together at least one night a week, is a fine thing for the city. I am glad to be with you to-night and speak to you in the place of Mayor Walsh, who is absent from the city. I only wish I could find it possible to be a member of your league."

Wild Cheering.  
The performance of opening ceremonies was repeated at the West Side alleys where the spectators were even more numerous than at the East Side. After Wednesday night in the first games called for as much cheering in proportion as has been seen at any of the ballgames here this season. A chorus of cries out on the benches cheering for their men to pitch for a strike and "beat that other bunch." Unfortunately the night was somewhat too warm for high scores, perspiration making it difficult to handle the ball with accuracy.

Nelson and Burke Tie  
At the West Side alleys the Bates-Rites defeated the Ross-Peters by 205 points, the totals being 2542 to 2357, and the Samson Tractors rolled down the Lawrence Lunch 2500 to 2143, a margin of 457 points. Over on the East Side, the Gazette Commercial Printers swatted the Janesville Machine Company for a victory by 113 points, being 2205 to 2092 and West Side No. 1 beat the Crescents 2404 to 2171, a difference of 233.

High scores on the Arcade alleys went into a tie at 144 between Cornell and Patton. At the West Side, Nelson and Burke tied with high at 291. High team scores were made by the Samson Tractors with 225 for a single game and 2000 for a match. The special prize offered by the Black Cat billiard parlor for high opening score in the City league was shared by Nelson and Burke.

### STARS PLAY RUBBER SUNDAY WITH BELOIT; ZAHN BREAKS ARM

The Al Stars will play the Beloit Colonels Sunday, at Samson diamonds at 2:30. This promises to be the Stars' biggest game of the season. It is a fifty-fifty break now and this will be the "rubber" game. The darkies have a fast team and the Stars will have to travel at top speed to beat them. Both Hager, the "mean ball" king, and Bick, the southpaw, have been doing good pitching, and with proper support the Stars have a 2 to 1 chance against the darkies. Manager Cullen and Capt. Fullman have decided on several changes in the lineup to overcome the weak spots, and have a fast infield. "Plug" Zahn, center field, is out of the game for the rest of the season with a broken arm.

The following Sunday, Oct. 7, the Stars will go against Paul Schindler's famous Red Sox gang.

### GREG WINS WHEN JAMESON WITHDRAWS

Ted Jameson, fighting Harry Greg at Milwaukee last night, asked the referee to call the bout in the sixth round. Sustaining a broken thumb on his right hand, Jameson could no longer stand in the ring. Thus Greg scores a technical knockout.

There was no doubt that Jameson would have been beaten anyway. He was making him look like an amateur.

### NEW RECORD SET FOR 3-YEAR PACERS

Columbus, Sept. 23.—A new world's record for three-year-old pacers was established at the Grand Circuit meeting on Wednesday. Prisco June, W. W. Transpaco lost in the stretch in the last two heats.

### EVANSVILLE DOES NOT WANT BELOIT TO APPEAR THERE

Samson Tractors clash with the Simmons Red Co., of Kansas on the Evansville fair grounds on Sept. 20 at 2:30 p. m.

Arrangements for this contest were completed Wednesday by Manager George Ferring of the Tractors with the Rock county fair association. The game is arranged at the suggestion of the Samsons to give the fair officials and the fans of this vicinity an opportunity to be repaid for the unfortunate turn of affairs when the Beloit Fairies walked off the field because of an umpire's decision at Evansville Sept. 13, and refused to finish a game with the Tractors.

Do Not Want Fairies  
It follows a meeting held in Janesville last Sunday between Z. W. Miller of the fair association and Ferring when the possibility of getting the Fairies to play at the fair was discussed. Miller did not want to take the place of unfinished game, however, was discussed and Mr. Miller further explains Evansville's position as follows:

Fair Against Beloit.  
"The committee on attractions of the Rock county fair association, after getting an expression from the fans in this community, feel that sentiment is so strong against Fairbanks-Morse after their action against the interest of the national game at our fair on Sept. 10th, it would be useless to think of getting a good crowd with them for attraction. Consequently, we do not care to make any effort to get them here again."

Samsons are Gentlemen.  
In his letter, Miller highly praises the sportsmanship of the Samson Tractor team, declaring the members to be "perfect gentlemen."

When suggested that the Samsons were willing to play the game without any charge, Miller said that a huge crowd from all over this part of the country will journey to Evansville to see the contest, and exciting one, but the manner under which it is played will only add to the popularity of the Samsons. Janesville fans will look to Evansville and quite likely a large number of Beloiters will take the afternoon off.

### Former Beloit Star To Play With Case Here Against Samson

Bob Schacht, a Beloit college baseball star, will appear here this week-end in the lineup of the J. I. Case Tractor team. This announcement is expected to draw a number of fans, especially from Beloit, who hold Schacht in high regard.

To make it even more interesting, Frank Gregory, the new Samson pitcher, and erstwhile Beloit player, will pitch for the Samsons on Sunday.

The case lineup follows. It includes several men who have been grabbed up by major leagues and who will join the professional ranks next spring.

### SAMSONS NOT TO START FOOTBALL

Unforeseen circumstances make it inadvisable for the Samson Tractor Co. to enter the football field this season, according to a statement made today by George Ferring, director of athletics of the big plant. This follows a meeting of the Samson Employees' association in which the proposition was discussed fully. However, this does not mean that the city will not have football.

While the Samsons would like to put an eleven in the field this fall, it is felt that it would be inadvisable. In the first place, the season is already so far advanced that it would be difficult to get a team together. The unexpected partial closing of the local plant thereby lessening the probable amount of talent is also a detriment. With the season so far advanced, it is also felt that it would be too difficult a matter to go out into the ranks of the semi-pros to meet the teams which the Samsons would like to play in order to give the fans the right kind of games. With an enviable reputation earned in athletics through the baseball team, the Samsons feel that

### QUIMET HOLES OUT WITH SINGLE STROKE

Boston, Sept. 23.—Francis Quimet who as boy and man, has accomplished nearly everything possible in golf, was happy today in the realization of the ambition of all golfers. He holed out in one.

Playing yesterday on the links of the Commonwealth Country club, he drove with a midiron from the third tee, with the hole 243 yards away. The lay is slightly downhill.

The ball sped true, rolled to the flagstick and dropped into the cup. It was the first time he had holed out in a single stroke.

Samsons will go into the sport for all it is worth.

On the other hand, Ralph Capron, the Minnesota idol, and member of the Samson baseball team, is working with members of the Janesville club to put a semi-pro team in the field. He believes that he can gather a good eleven of players from around Minneapolis to represent Janesville. For the past five years, Capron has managed a semi-pro football team in the Flour City which makes it more probable that he can place a team here to represent the city. Further information on the situation will be forthcoming in a few days, he promises.

### Tickets on Sale for St. Louis National Game Here Next Week

Tickets for the St. Louis National-Samson Tractor game to be held here next Tuesday afternoon at 2:30 went on sale in the downtown district Wednesday night and today. The pastebards are also on sale at the Samson shops. Already they are going fast. There are no reserved seats because of the impossibility with the stands at the fair grounds to make any suitable arrangements along that line.

The places where the tickets may be purchased are:  
Delaney & Langdon's  
Grebe and Newman's  
Grand hotel  
Samson's cigar store  
Red Cross drug store  
Dalton's Sweet Shop.

Interest in the game grows daily. It is definitely stated that this is not the usual barnstorming trip of a major league club but an honest-to-goodness appearance of the junior wheel players. Unless unforeseen circumstances arise, the entire Cardinals team will be on the fair grounds at diamond. Look, however, probably will not appear, having wonched his back in a game at Philadelphia.

Baraboo.—Percy Croston, resident of this city for 20 years, killed himself by throwing himself in front of a moving south-bound engine here. He only he sold his farm and intended going to visit relatives.

Last dance of season at Riverside Park, Sunday night, Sept. 26th.

### —the Cigarette

If you are a cigarette smoker, and unacquainted with Lucky Strike, buy a package today, and find out for yourself why they are so popular.

You will at once notice the delicious flavor of Burley tobacco, delivered to you absolutely fresh. It's toasted.

### —the Tobacco

To pipe smokers Lucky Strike tobacco offers the same exceptional flavor as the famous cigarette. Made from the finest Burley tobacco—it's toasted for your pipe.

If you don't know how delicious toasted Lucky Strike is ask for a tin today, and taste!

## IT'S TOASTED

The Burley tobacco leaves have pores, like a sponge. When "it's toasted" their pores are closed, the flavor sealed in, permanently. When you burn Lucky Strike in your pipe or cigarette, you are releasing the original Burley flavor that was sealed in by toasting. Exactly that. Heat seals it in, heat releases it.

You know how a bee seals in the flavor of honey with a thin coating of wax. This coating holds in that delicious honey until it's used.

Just so the toasting process seals in the Burley flavor. This flavor is preserved until you release it by smoking. A wonderful process and a great discovery for smokers.
